## **Retail Technology Experts (RTE) will now offer Radiant Systems' CounterPoint solution as part of their POS portfolio**

**Miramar, Florida – January 17, 2011** –Retail Technology Experts <sup>™</sup> (RTE) today announced the addition of Radiant Systems' CounterPoint retail point-of-sale solution to their suite of POS products.

For over 25 years, Radiant Systems has provided point-of-sale technology to retail and hospitality operators across the globe. Radiant's user-friendly technology not only ensures that retailers have the right products at the right price; it reduces the complexity of retailers' lives. This allows them to connect and engage with consumers in an open, innovative and secure way. Radiant's flexible CounterPoint solution includes a robust inventory management system, touch screen POS ticket entry, integrated e-commerce, mobile alerting, built-in gift card and customer loyalty programs and e-mail marketing.

"CounterPoint's integrated e-commerce, secure transaction processing and affordability make it an excellent solution for retailers of all sizes, and we are excited to add it to our portfolio of POS products," said Mahendran Ramanathan, president of Retail Technology Experts. "Radiant's commitment to service aligns with RTE's mission of providing excellent support for our customers. We look forward to working with Radiant as we present the Counterpoint Solution to retailers across the country."

"Retail business owners see tremendous value in the flexibility of CounterPoint and the ease in which they can use the system to engage consumers," said Christian Nahas, vice president of the specialty retail division at Radiant Systems. "Retail Technology Experts is known for delivering outstanding customer service and support, and we are thrilled to add the company to our reseller base."

### **About Retail Technology Experts (RTE)**

Retail Technology Experts (RTE) is an innovative retail technology solution provider that has been providing turn-key technology solutions to retailers since 1991. RTE's experience in retail and specifically in retail technology affords the retailer an expertise second-to-none in their industry. From initial discovery to implementation and on-going support, RTE offers retailers a true strategic partnership. **For additional information, please contact:**

This press release may contain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, such as statements relating to financial results and plans for future business development activities, and are thus prospective. Forward-looking statements include all statements that are not statements of historical fact regarding intent, belief or current expectations of the Company, its directors or its officers. Investors are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks and uncertainties, many of which are beyond the Company's ability to control. Actual results may differ materially from those projected in the forward-looking statements. Among the key risks, assumptions and factors that may affect operating results, performance and financial condition are the Company's reliance on a small number of clients for a large portion of its revenues, fluctuations in its quarterly results, its ability to continue and manage its growth, liquidity and other capital resources issues, competition and the other factors discussed in detail in the Company's periodic filings with the Securities and Exchange Commission. The Company undertakes no obligation to update any forward-looking statements.
